LAS COLINAS
RESIDENTIAL

An aerial photograph of the Las Colinas Golf & Country Club. The image shows a lush green golf course with several sand traps and a winding path. A large, modern clubhouse with a white facade and a tiled roof is situated in the upper center, surrounded by dense trees. A large, irregularly shaped pond with a fountain in the center is located on the right side of the course. The entire scene is bathed in the warm, golden light of late afternoon or early morning.

A natural retreat to
reconnect with your
true essence

Welcome to Las Colinas Golf & Country Club
Welcome to a world apart

LAS COLINAS GOLF & COUNTRY CLUB

Where *simplicity*
meets luxury in an
unparalleled setting

Where refined simplicity and timeless luxury coexist in perfect harmony.

This prestigious resort on Spain's Costa Blanca embodies excellence, refinement, and meticulous attention to detail.

Nestled within a 330-hectare valley, embraced by rolling hills and nature, **Las Colinas Golf & Country Club** offers gated access through a majestic palm-lined canyon, an oasis of privacy and peace of mind. The entrance opens into a valley where the golf course merges seamlessly with the landscape.

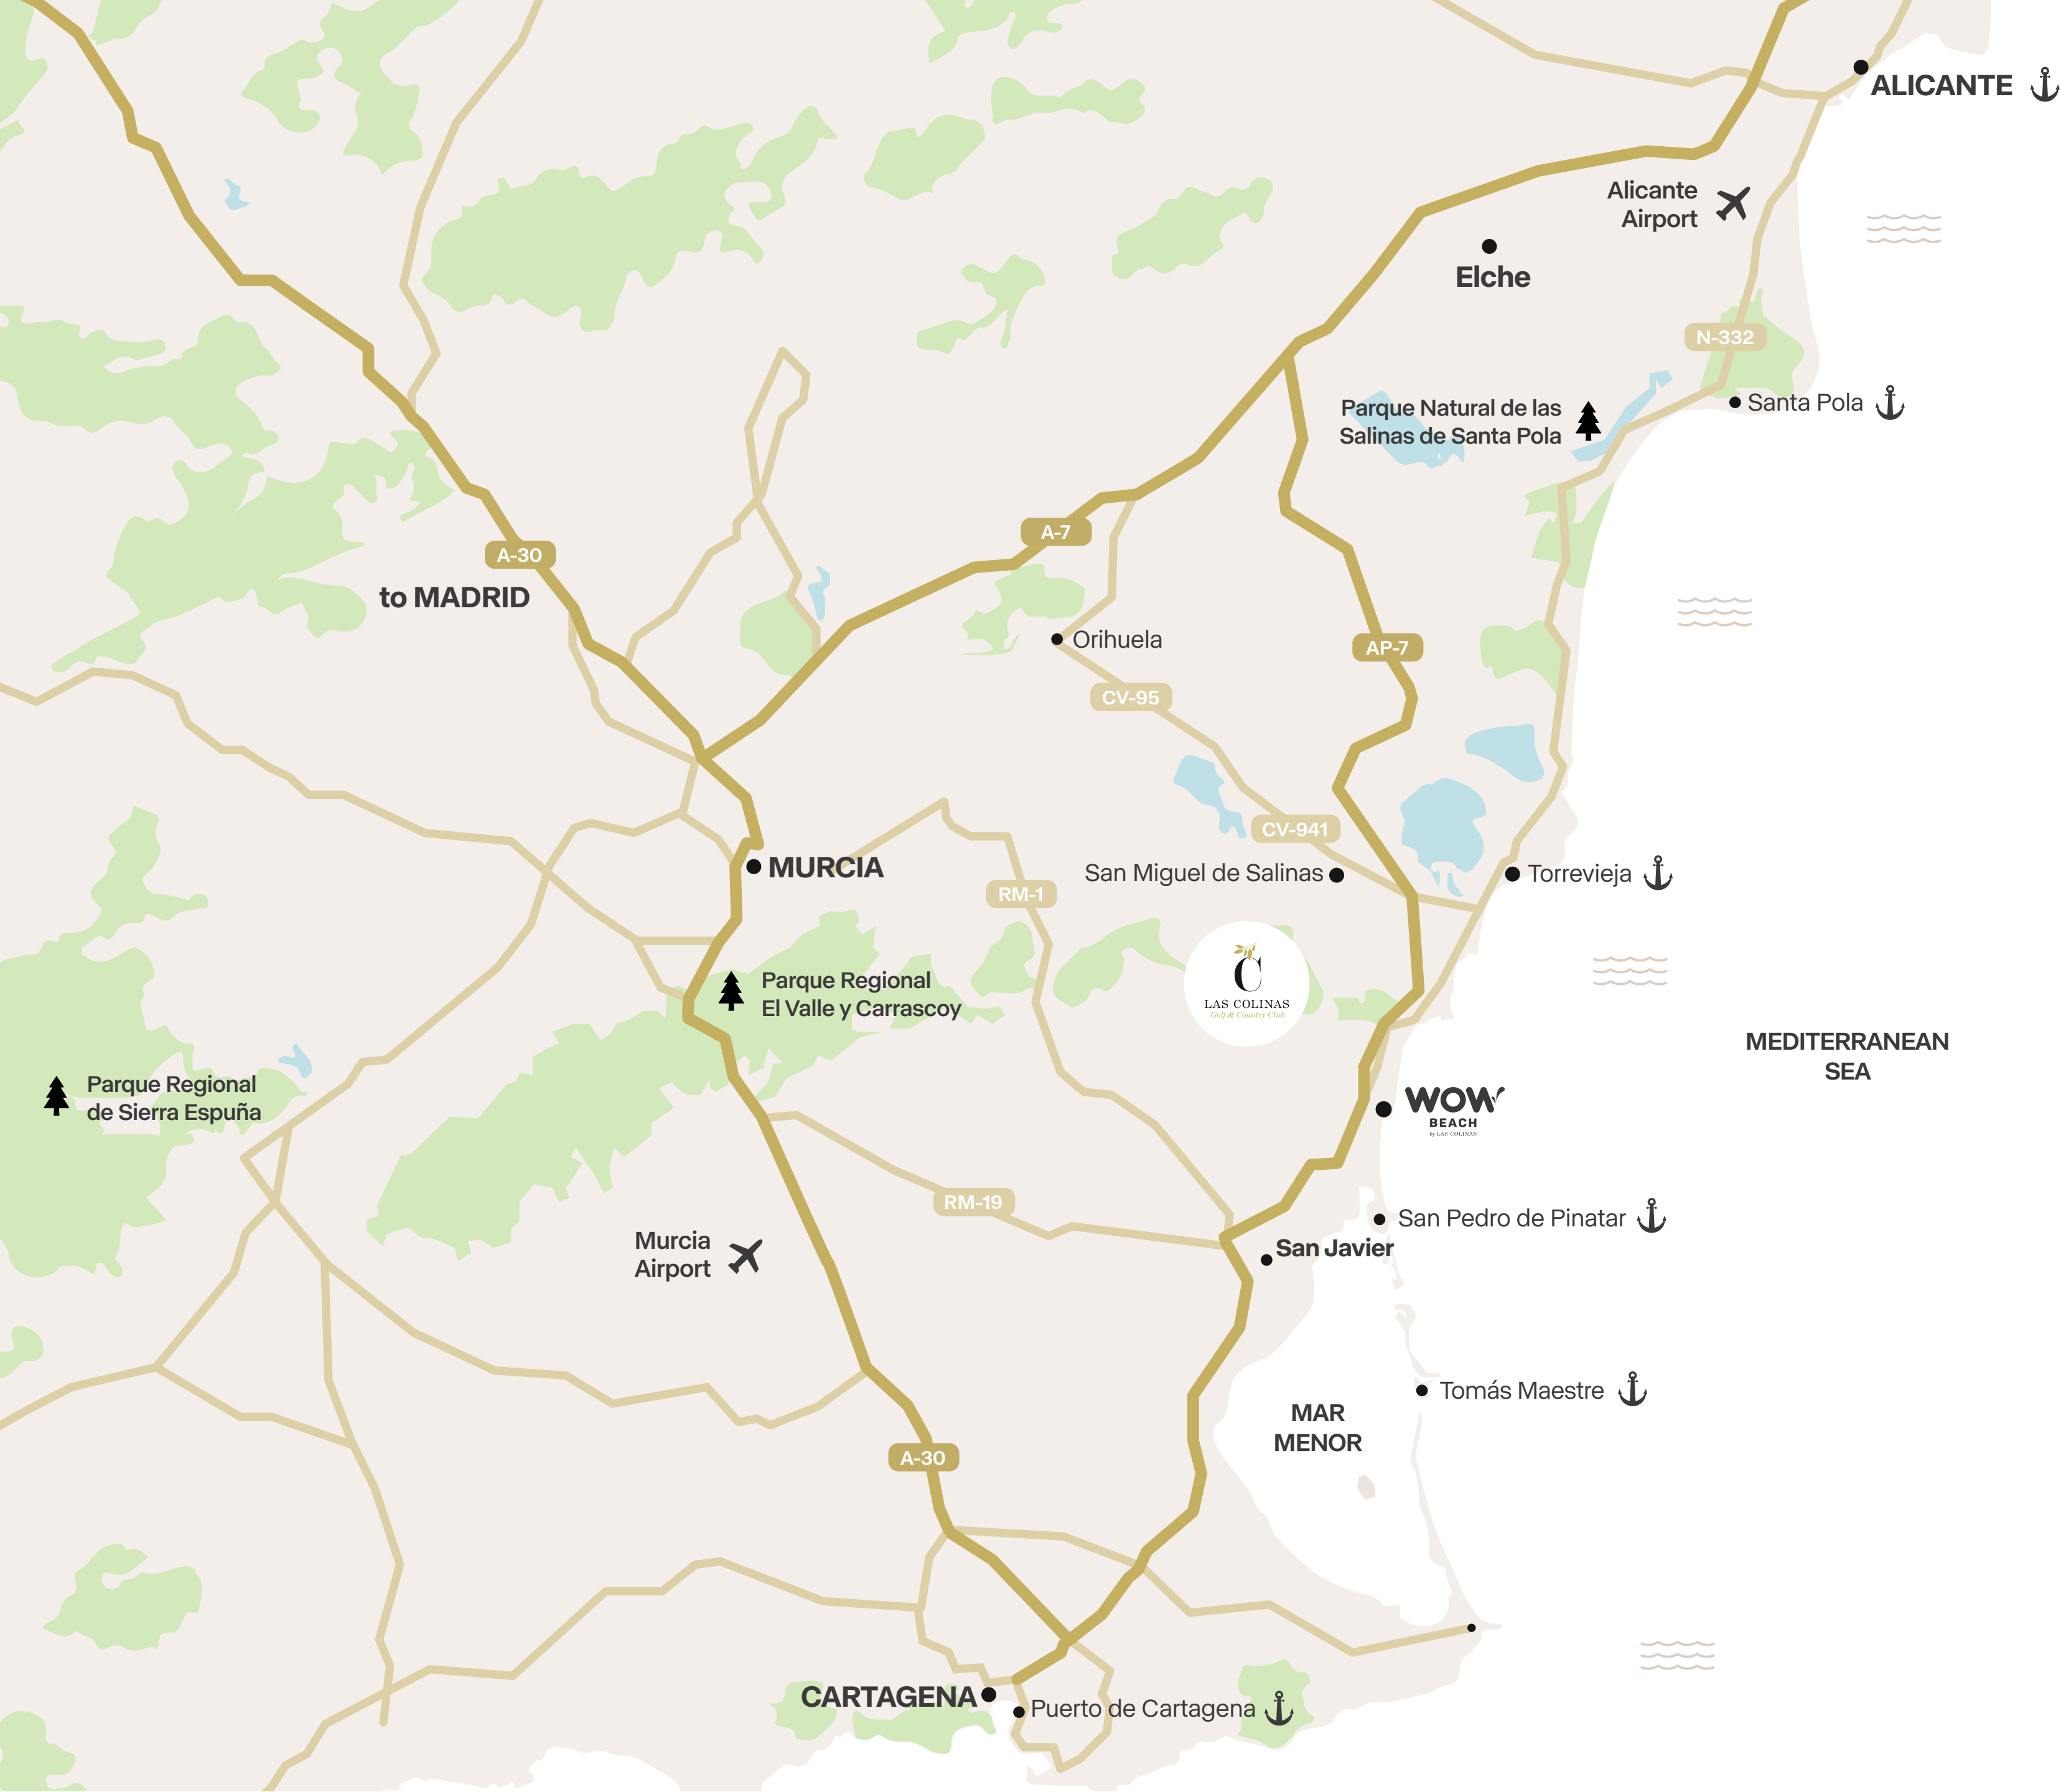

Surrounded by a protected natural park spanning more than **10,000 hectares**, the resort itself boasts over **200,000 m²** of preserved Mediterranean landscapes, this haven captures the very essence of the coast. With more than **300 days of sunshine** each year, outdoor living is not just a privilege, it's a lifestyle.

At Las Colinas Golf & Country Club, every home is thoughtfully integrated into its natural setting. Exclusive communities rise gracefully around a **championship golf course**, where playing transcends sport to become a true art form.

Ideally located in the south of Alicante, just 4.5 km from the Mediterranean shoreline, **Las Colinas Golf & Country Club** enjoys seamless connections by air, road, and high-speed rail.

By air

Alicante International Airport, 50 minutes.
Murcia International Airport, 45 minutes.

By road

Alicante, 74 km.
Murcia, 63 km.
Madrid, 400 km.
Barcelona, 600 km.

By train

High-speed rail station in Alicante, 74 km.
High-speed rail station in Orihuela, 28 km.
High-speed rail station in Murcia, 65 km.

This collection of villas comprises three unique typologies, conceived under a single vision: **balance, comfort, and timeless elegance.** Open spaces, expansive terraces, and a seamless flow between indoors and outdoors celebrate the art of Mediterranean living.

**The gardens, terraces,
and private pools**
blend naturally into the
landscape, inviting you to
embrace the calm and the
light that shifts with every
hour of the day.
Each corner conveys
serenity — a **balance**
between intimacy and
openness, between
architectural beauty and
living nature.

The architecture rests gently upon the land, merging seamlessly with the surrounding landscape.

Mediterranean vegetation embraces each home, enveloping it in an atmosphere of privacy, serenity, and essential beauty.

The interior design of the Arbórea Villas combines **Mediterranean simplicity** with a subtle nomadic influence that brings warmth and character. Earth tones, natural textures, and the shifting light of the day create an enveloping, serene atmosphere. **Each space invites a slower pace of life**, where design is felt rather than shown, and every detail conveys balance and authenticity.

Natural stone, wood finishes, organic fabrics, and soft tones come together to create a sense of continuity and balance. In every corner, matter and light engage in dialogue, giving life to a genuinely Mediterranean experience of comfort and wellbeing.

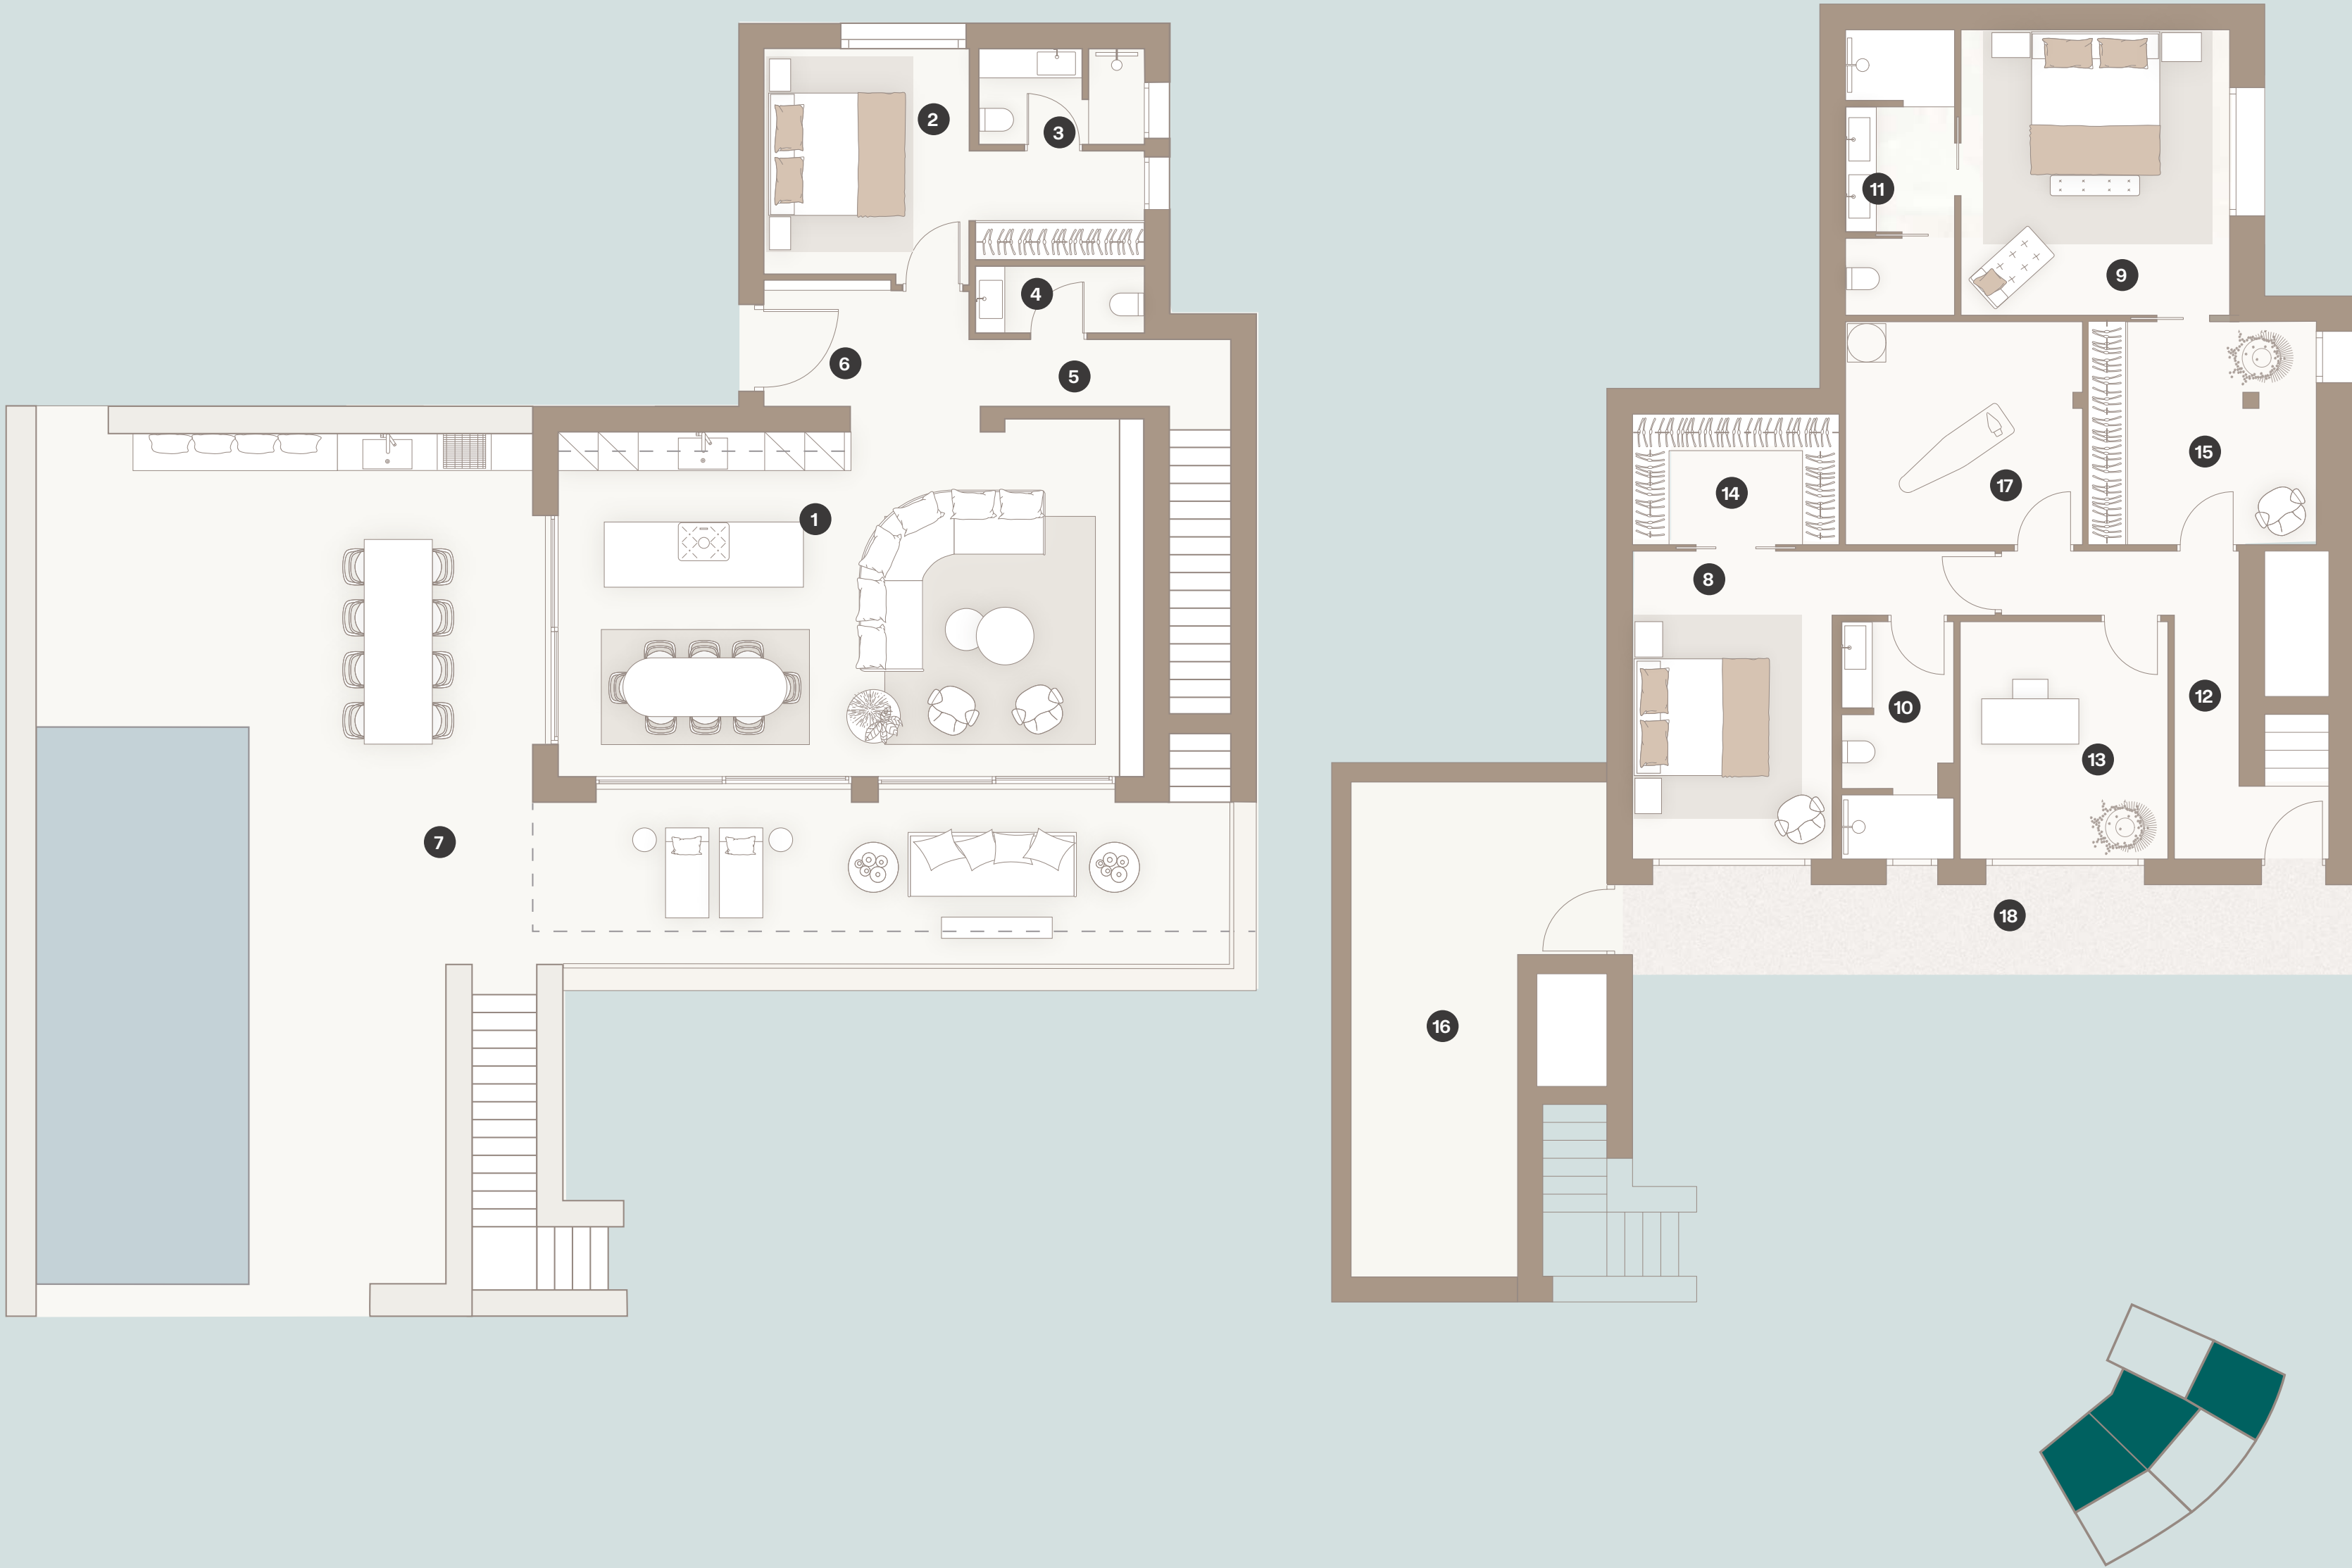

VILLA

Designs to fall in love with

Mediterranean sophistication

The Arbórea Villas embody a subtle balance between Mediterranean purity and the warmth of nomadic design — between contemporary simplicity and the richness of natural nuances.

Architect

AECOM

AECOM, a leading international firm in architecture and engineering, collaborates with Las Colinas Golf & Country Club in the design of the Arbórea villas. Renowned for its technical excellence and commitment to sustainability, AECOM develops landmark projects in fields such as urban planning, hospitality, and luxury residential design. Its approach stems from a **deep sensitivity to place and user experience, integrating innovative**, sustainable solutions that minimize environmental impact.

This collaboration ensures villas that are tailor-made, functional, sustainable, and seamlessly adapted to their natural surroundings — **meeting the highest standards of quality and design.**

Interiorist

Mediterranean Nomad

Their interiors, envisioned by renowned designer Silvia Bellot of the innovative studio Mediterranean Nomad in Jávea, blend Mediterranean spirit with a nomadic, contemporary edge.

Natural materials, warm palettes, and minimalist lines create spaces that are refined yet inviting. Each design weaves together Mediterranean influences and global inspirations, evoking a **cosmopolitan lifestyle** in perfect **harmony with nature**.

Landscape Architect

José Luis Romeu Lamaignère

Landscape architect José Luis Romeu Lamaignère brings a unique sensitivity to outdoor spaces, crafting gardens that converse with architecture and nature alike.

His designs **blend botanical expertise** with Mediterranean authenticity, creating green sanctuaries that embody **identity, harmony and serenity**.

Quality specifications

STRUCTURE

Reinforced concrete structure, built in full compliance with the “Structural Code” and current regulations, ensuring strength and durability.

ROOF

Non-accessible flat roof, consisting of a high-quality waterproofing and thermal insulation system, protected by a final finish of washed gravel.

FAÇADE & PARTITIONS

External enclosures in hollow ceramic brick with thermal and acoustic insulation chamber.

Internal laminated plasterboard partitions.

Hydraulic mortar finish on façades.

FLOORS

Premium ceramic tiling in indoor areas.

High-quality non-slip ceramic tiling in outdoor areas.

WALLS

Premium ceramic tiling in bathrooms: shower and washbasin area.

Smooth paint finish on interior walls and ceilings.
